APPOINTMENTS.

PROVINCIAL SECRETARY'S OFFICE.

HIS HONOUR the Lieutenant-Governor in Council has been pleased to make the following appointments:—

20th February, 1902.

THOMAS IRWIN WORTHINGTON, Alderman, and W. H. PRICE, of the City of Victoria, Esquires, to be Members of the Board of Commissioners of Police for the said City.

PROVINCIAL SECRETARY.

PART IV., "WATER CLAUSES CONSOLIDATION ACT, 1897."

1. This is to certify that the "Vancouver Power Company, Limited," specially incorporated pursuant to Part IV. of the "Water Clauses Consolidation Act, 1897," on the 25th day of January, 1898, for the purposes of exercising the rights, powers, privileges and priorities in and by Part IV. of the said Act created, granted and conferred, has submitted its undertaking to the Lieutenant-Governor in Council for approval, and that the said undertaking, as shown by the documents and plans filed, has been approved, and that the same is as follows:—

The erection of a dam five feet in height across the outlet of Coquitlam Lake, in the District of New Westminster, and the extension of the pipe-line of the City of New Westminster's water-works system to a point above the said dam; the construction of a tunnel approximating thirteen thousand feet in length from Coquitlam Lake to the lake sitnated to the east of the North Arm of Burrard Inlet, known as Trout Lake; the construction of a ditch at the outlet of Trout Lake to deepen the said outlet; the erection of a dam forty-two feet in height across the stream forming the outlet to Trout Lake, at a point two thousand eight hundred feet down stream; the further construction of a dyke, if such should be found to be necessary, at the outlet of Trout Lake, to be used for the storage of water; the construction of a pipe-line or a tunnel and shaft from the dam to the power-house which will be erected on the easterly shore of the North Arm of Burrard Inlet, and distant about eighteen miles from

the City of Vancouver; also the construction of a pole line by the most feasible route from the powerhouse to the Cities of Vancouver and New Westminster.

The amount of unrecorded water applied for by the Company is altogether 5,500 miner's inches, to be taken from Coquitlam Lake and Trout Lake, the water from the former lake to be diverted at a point on the west shore of the said lake, about two miles northerly from its outlet, into Trout Lake.

The water power of these lakes will be utilised to supply power chiefly to the British Columbia Electric Railway Company, Limited, which operates the street railway systems of Vancouver and New Westminster and the railway between these two cities, and also supplies Vancouver with public and private lighting, and all necessary extensions to this system. It is also proposed to furnish power to the said cities and adjoining municipalities for manufacturing and industrial purposes. The power will be developed by means of Pelton water wheels, and converted into electrical energy and transmitted by copper or other wires to the points where it is to be used.

(2.) And this is further to certify that the Company propose to commence their undertaking by the construction of the dam across the stream forming the outlet to Trout Lake; the construction of the power house and pipe line, and the erection of a pole line to the Cities of Vancouver and New Westminster.

(3.) And this is further to certify that the "Vancouver Power Company, Limited," shall have duly subscribed before it commences the construction of its undertaking and works, or exercises any of the powers in that behalf conferred by the "Water Clauses Consolidation Act, 1897," Part IV., ten thousand shares of one dollar each. The further amount of capital required to fully complete the undertaking and works, to be provided by the issue of first mortgage bonds of the "Vancouver Power Company, Limited," to the amount of one hundred and fifty thousand pounds sterling (£150,000), the principal and interest thereof to be guaranteed by the "British Columbia Electric Railway Company, Limited."

(4.) And this is further to certify that the time within which the said capital, namely, ten thousand dollars, is to be subscribed, is fixed at three (3) months from the date hereof, and the time on which the said undertaking and works are to be commenced is fixed at five (5) months from the date hereof, and the date by which all the said proposed work shall be in operation is fixed at three and a half (3½) years from the date hereof.

Dated this 14th day of February, 1902.

J. D. PRENTICE,  
Clerk of the Executive Council.

PRESENT:

HIS EXCELLENCY THE GOVERNOR-GENERAL
